

Digital Banking App - UI/UX Wireframe Specification v1.0

Confidential - Internal Use Only

Version 1.0

1. Home Dashboard Screen (Mobile)

REQ-FIN-050: The home screen displays total balance prominently at top center in 36px bold white text on a gradient card (#1A237E to #3F51B5). Below balance, two sub-lines: 'Available' and 'Pending' amounts in 14px.

REQ-FIN-051: Below the balance card, a horizontal scrollable row of quick action circles (48px diameter): Send, Request, Pay Bills, Deposit, More. Each circle has an icon (24px) and label (10px) below.

REQ-FIN-052: Recent transactions list below quick actions, showing last 10 entries. Each row: merchant logo (40px circle, left), merchant name (16px bold) and category tag (10px, colored chip), amount (16px, right-aligned, green for credits, red for debits), date (12px muted).

REQ-FIN-053: Bottom navigation bar (56px height) with 5 tabs: Home (house icon), Cards (card icon), Savings (piggy bank icon), Invest (chart icon), More (three dots). Active tab has filled icon and underline accent (#4CAF50).

REQ-FIN-054: Pull-to-refresh gesture triggers balance and transaction reload with a branded loading spinner.

2. P2P Transfer Screen

REQ-FIN-055: Contact list shows recent recipients as horizontal scroll of avatar circles (56px) at top, then full contacts list below sorted alphabetically.

REQ-FIN-056: Amount entry screen has a large numeric display (48px, centered), numeric keypad below, and 'Memo' text field (optional, max 100 chars). Quick amount buttons: \$5, \$10, \$25, \$50, \$100.

REQ-FIN-057: Confirmation screen shows: recipient avatar and name, amount, memo, estimated delivery time, and fee (if any). 'Send' button requires FaceID/TouchID confirmation.

REQ-FIN-058: Success animation: green checkmark with subtle confetti. Shows transaction ID, amount, recipient. 'Share Receipt' and 'Done' buttons.

3. Investment Portfolio Screen

REQ-FIN-059: Portfolio value displayed at top with total value (28px bold), daily change (green/red with arrow), and percentage change. Interactive line chart below (250px height) with time range selector: 1D, 1W, 1M, 3M, 1Y, ALL.

REQ-FIN-060: Asset allocation donut chart (200px diameter) showing sector breakdown: Technology, Healthcare, Finance, Energy, Consumer, Other. Tapping a segment shows holdings in that sector.

REQ-FIN-061: Holdings list below chart: stock ticker (14px bold), company name (12px muted), shares owned, current price, gain/loss (color-coded), sparkling mini-chart (60px wide) showing 30-day trend.

REQ-FIN-062: 'Buy/Sell' button opens order entry: Market/Limit toggle, shares or dollar amount input, real-time cost estimate with fees, 'Review Order' button.

4. Budget Tracker Screen

REQ-FIN-063: Monthly spending summary at top: total spent (24px bold), budget remaining, spending pace indicator ('On Track' green / 'Over Budget' red).

REQ-FIN-064: Category breakdown as horizontal bar chart: each bar shows category name (left), amount spent (right), bar colored by category. Categories clickable to drill into transactions.

REQ-FIN-065: Budget settings: set monthly budget per category. Progress ring for each category showing % used. Alerts at 80% and 100% thresholds.

5. Card Management Screen

REQ-FIN-066: 3D card visualization showing virtual debit card with cardholder name, last 4 digits, expiry. Card can be flipped (swipe gesture) to show CVV.

REQ-FIN-067: Toggle controls below card: Card Active/Frozen (large toggle), Online Purchases (toggle), International Purchases (toggle), ATM Withdrawals (toggle). Each toggle shows current state and changes take effect instantly.

REQ-FIN-068: Spending limits section: three sliders for Daily Limit (\$0-\$5000), Single Transaction Limit (\$0-\$2000), Monthly ATM Limit (\$0-\$3000). Current values displayed above each slider.

REQ-FIN-069: 'Order Physical Card' button with card design picker (3 color options), shipping address confirmation, and delivery estimate (5-7 business days).
