

Patient Management Portal - UI/UX Wireframe Specification v

Confidential - Internal Use Only

Version 1.0

1. Patient Dashboard Home Screen

REQ-HCP-040: The patient dashboard shall display a personalized greeting ('Good morning, [First Name]') in 24px semi-bold text at the top-left, with current date below in 14px muted text.

REQ-HCP-041: Below the greeting, a horizontal card carousel shows upcoming appointments (max 3 visible). Each card is 280px wide, 160px tall, with provider name (16px bold), specialty (14px muted), date/time (14px), location (14px), and a 'Join Video' or 'View Details' button.

REQ-HCP-042: The left sidebar navigation (240px wide, dark blue #1A237E background) contains menu items: Dashboard, My Records, Appointments, Messages, Prescriptions, Billing, Settings. Active item highlighted with white left-border accent (4px) and white text.

REQ-HCP-043: A notification bell icon (top-right) shows an unread count badge (red circle, 12px diameter). Clicking opens a dropdown (360px wide, max 5 items) with notification type icon, message preview, and timestamp.

REQ-HCP-044: Quick action tiles displayed in 2x2 grid below appointments: 'Book Appointment' (calendar icon), 'Message Doctor' (chat icon), 'View Lab Results' (flask icon), 'Pay Bill' (dollar icon). Each tile is 160px square with icon (32px), label (14px) and subtle hover elevation.

2. Appointment Booking Calendar Screen

REQ-HCP-045: Calendar displays in month view by default. Available slots shown as small green dots on dates. Unavailable dates are dimmed (opacity 0.4). Past dates are not clickable.

REQ-HCP-046: When a date is selected, available time slots appear in a right-side panel (400px wide). Slots grouped by morning (before 12pm), afternoon (12-5pm), and evening (after 5pm). Each slot shows time (14px bold), provider name, and 'Book' button.

REQ-HCP-047: Provider filter at top of calendar: dropdown with search showing all providers. Can filter by specialty (General Practice, Cardiology, Dermatology, etc.) and location.

REQ-HCP-048: On slot selection, a booking confirmation modal appears (500px wide) showing: Provider photo (64px circle), name, specialty, date/time, location address, estimated wait time, visit type (in-person/telehealth toggle), and a 'Confirm Booking' primary button (#4CAF50).

3. Telehealth Video Consultation Screen

REQ-HCP-049: Pre-consultation check screen shows three status indicators: Camera (green check/red X), Microphone (green check/red X), Speaker (green check/red X). 'Test' button next to each. 'Join Consultation' button disabled until camera and microphone pass.

REQ-HCP-050: During consultation, provider video occupies 70% of screen width. Patient self-view is a draggable 180x120px picture-in-picture overlay at bottom-right.

REQ-HCP-051: Bottom control bar (64px height, semi-transparent dark background) shows: Mute/Unmute mic, Camera on/off, Screen share, Chat (opens side panel), Leave button (red). Icons are 32px with tooltip labels.

REQ-HCP-052: Virtual waiting room shows queue position ('You are #3 in line'), estimated wait time, and a looping calming animation. 'Cancel and Reschedule' link below.

4. Lab Results Viewer Screen

REQ-HCP-053: Lab results listed as expandable cards grouped by test date (most recent first). Each card header shows: test name, date, overall status badge ('Normal' green, 'Abnormal' red,

'Pending' yellow).

REQ-HCP-054: Expanded card shows a table of individual metrics: Test Name, Result Value, Unit, Reference Range, Status (with color-coded indicator). Values outside reference range are bolded in red.

REQ-HCP-055: 'View Trend' button on each metric opens a line chart (Chart.js) showing historical values over last 12 months. Normal range displayed as a shaded green band on the chart.

REQ-HCP-056: 'Download Report' button generates a formatted PDF with clinic letterhead, patient demographics, test results table, and provider notes.

5. Billing & Payment Screen

REQ-HCP-057: Outstanding balance displayed prominently at top in a blue card: total amount (28px bold), 'Pay Now' button. Below, itemized list of charges with columns: Date, Service, Provider, Billed Amount, Insurance Paid, Patient Responsibility, Status.

REQ-HCP-058: Payment form accepts credit/debit card (Stripe Elements integration), HSA/FSA card, and bank account (ACH). Saved payment methods listed as radio buttons with card type icon, last 4 digits, and 'Add New' option.

REQ-HCP-059: Payment plan setup wizard: Step 1 - Select balance, Step 2 - Choose plan (3/6/12 months), Step 3 - Monthly amount calculated and displayed, Step 4 - Confirm with ACH auto-pay authorization.
